REAL ESTATE

Don't lose sight of the fact that
Clarksburg has today brighter prospects
than ever before. Her future is not specu-
lative, it is plain as the "Handwriting
on the Wall." Just consider the many
new and large industries that are now
building and others that are under con-
tract to locate here, and you can readily
see she is or soon will be "Greater
Clarksburg."

Our advise is, "Don't wait until there
is another heavy advance in 'Real Es-
tate', but buy now."
